Where to Buy Tickets

- After sunset at Bayside Astronomy at the POD near the Lion's Head lighthouse which opens the Friday of the long weekend in July, and continues on Friday and Saturday through to Labour Day
- The Lion's Head market on Saturday mornings
- Several local merchants around Lion's Head, Tobermory and at Bob Smith's Stokes Bay General Store.
- You can pick them up when you come to the **Community Workshop on Shorelines and Shallow Waters July 6th** at the Stokes Bay Community Centre 1:00. It's part of our community's dialogue that will create the Conservation and Stewardship Plan, a project initiated by the Biosphere and funded by the Friends of the Greenbelt Foundation.

Why Buy Tickets

The odds are good that you will win one of the fabulous prizes – only 1500 tickets are printed and while we are good environmentalists we are not so good at selling tickets 😊

All proceeds go to our Six Streams project to improve water quality and to enhance the Bayside Astronomy program.
